Which Industry Now Betters The Living of 1 Out Of 2 'Alabama Families?'

... Here Are Some Surprising Facts About The . Trading Stamp Industry

So far, whenever our nation's economy has needed bought \$8,995,000 worth of expansion, a new industry products from Alabama's has sprung up to help the manufacturers. In one way or country go ahead.

The automobile industry, employing millions, was followed closely by the develop-

to Mary Margaret Phelps, Rt. 1

ment of radio and radio broadcasting to make more millions of jobs. Then came dise and redemption stores, the airplane industry, air its warehouses and transporconditioning, plastics, tele- tation and all the activity that vision, frozen foods, to goes on within it are helping change our lives some more. to develop Alabama.

The trading stamp industry, Thus it seems plain that while not new, belongs to the trading stamp industry this expansion group and has along with the 414,000 Alabeen one of the fastest grow- bama women it serves has ing of all. Today it directly become, like other expansion

benefits the living of the more industries, a living, vital part than 1 out of 2 Alabama of our State's economy. families who save trading

This everything to be lost, that's bit of symbolism quite suffici- when Charles really goes to was ethereal in its color scheme ribbons miniature silver wed- and held three large ruby James Devane who will be the Funeral services were held ently matches the stature of work.

And as a funny thing about , this occasion always presents itself. At all times, when he is on the court as a Gamecock basketball warrior or in the role of a bulldozing fullback on the JSC grid eleven, everything is to be gained in the mind of Charles Clark. If ever an individual hated to lose, it's Elba's Charles Clark, but even when the Gamecocks are up against a more highly rated club, "quits" is certainly one word that has vet to be, or so it seems, entered into either the Elba High or M. I. dictionary. And this fact is shown anytime Chales crawls into his Gamecock attire and prepares for an engagement on

> Lighted The Fuse Throughout the 1958-59 campaign, ending Saturday, Feb. 21, for JSC., it was the determination, hustle and scoring antics of Clark that continually ignited the fuse of incentiveness to the Jaxmen's scoring machine. Such a degree of determinaion and willingness to work has certainly aided, along with his wonderful personality and warm smile for everyone, in making Charles Clark one of the most popular of any school athletic squad.

And throughout Gamecockland it is generally agreed, Charles Clark is one of the finest all-around athlete among the multitude of students in Gamecockland. And his great possession of dependability is very evident even in this admirable trait of good char-

THE SPACE ABOVE.

is the size of a Government Post Card, by actual measurement. To mail this card to 1,000 families would cost \$30.00 for the card and postage alone. To print a message on the back would cost, on the average, \$7.50 per thousand. Addressing would cost another \$5.00 per thousand.

That's a total of \$42.50 to send a postcard advertisement to a thousand families.

Yet this space in The Elba Clipper costs a regular advertiser only \$6.30. It reaches almost twice as many families. That advertiser's money helps The Elba Clipper to serve a subscriber at only a fraction of the cost of a subscription if the newspaper had no advertising.

To sum up: The advertisement reaches more people at one-seventh the cost and the advertiser serves every subscriber because he enables The Elba Clipper to supply the news at less cost.

THE ELBA CLIPPER

MR. RETAILER!

OUT OF

Customers Every Year

AND 30 PER CENT OF YOUR BUSINESS LEAVES WITH THEM!

Hard to believe, but true! If yours is an average business, you LOSE 30% of your customers each year. If you don't believe it, look through last year's accounts and see how many are no lorger

WHY?

DO YOU LOSE THEM?

Through death, moving to another community or through the efforts of hard - driving competitors-a variety of reasons, some of them beyond your con-

At the same time, there's a normal business increase Of Only 4% Each Year.

That leaves you facing a 26% handicap each yeara handicap you must overcome if your business is to remain healthy and profitable.

What Do You Do About It?

The answer lies in better merchandiseing, better planning, more vigorous promotion of fast - selling goods and service.

The surest, most profitable method of sales promotion is consistent, timely newspaper advertising.

ADVERTISING IS THE LIFE OF TRADE

(The Above reprinted from The Montgomery Advertiser)

And advertising is news. Newspaper readers want advertising because it's news. They want to read about the latest values. Surveys have shown that, among the various features in a newspaper, advertising ranks first in interest with the women and second with the men.

Nothing sells a city to the surrounding area like a newspaper. Nothing sells a merchant's products like a newspaper.
